SUMMARY

Computer Science undergraduate with experience building Full-Stack web applications and ML-based projects using React, Node.js, FastAPI, and Python. Interested in backend systems, machine learning, and scalable web applications. Actively building towards open-source contribution and seeking research opportunities in ML, AI, systems design, & data science.

EDUCATION

Bachelor of Technology - Computer Science & Engineering

July 2024 – Present

ABV-IIIITM, Gwalior | CGPA: 9.34 / 10 | (Sem 3: 10/10)

- **Relevant Courses:** Object Oriented Programming, Data Structures, Design and Analysis of Algorithms, Operating Systems, Computer Networks, Software Engineering, Databases

SKILLS SUMMARY

- **Languages:** Python, JavaScript, Java, C, C++
- **ML / AI :** Scikit-Learn, Pandas, NumPy
- **Frontend:** React.js, Tailwind CSS, GSAP, Framer Motion, HTML5, CSS3
- **Backend:** Node.js, Express.js, FastAPI, RESTful APIs
- **Databases:** PostgreSQL, MySQL, MongoDB
- **DevOps & Tools:** Vercel, Render, Git, GitHub, Postman

PROJECTS

DeployGuard | Node.js, Python, React, PostgreSQL, FastAPI, Scikit-Learn

[GitHub](#) | [Live Demo](#)

- GitHub App that blocks performance regressions (bundle bloat, DB slowdowns, API latency) before merging into production
- 3-tier NLP cascade (SentenceTransformer → Groq LLM → fallback) for commit classification at sub-50ms local inference
- Decentralized pipeline: GitHub Actions measures builds, FastAPI microservice posts AI-powered Check Runs with fix suggestions
- GitHub OAuth, webhook signature verification, and PostgreSQL schema tracking repos, baselines, checks, and regression causes
- Resolved 7 production bugs including cross-fork PR handling, monorepo support, and cross-shell script compatibility

CineRecML | Python, FastAPI, React, Scikit-Learn

[GitHub](#) | [Live Demo](#)

- Built a movie recommendation system using TF-IDF and cosine similarity.
- Processed movie metadata using TF-IDF vectorization and cosine similarity to generate recommendations.
- Built FastAPI endpoints for serving recommendations and integrated TMDb APIs for movie posters.
- Cached similarity matrices using Pickle to reduce response time.
- Reduced API response time by caching precomputed similarity matrices instead of recomputing recommendations on each request.

EXPERIENCE

Web Developer – IEEE RAMP 2027 Conference Website | ABV-IIIITM Gwalior

May 2026 - Present

- Working on official IEEE RAMP 2027 conference website for researchers, and industry professionals.
- Building core platform using Next.js, TypeScript, Tailwind CSS.
- Developed responsive frontend components for conference tracks, speaker details, registration pages, and event updates.

POSITIONS OF RESPONSIBILITY

Vice Secretary – IEEE Student Branch, ABV-IIIITM Gwalior

Jan 2026 – Present

- Coordinated workshops, hackathons, conferences, and technical events as Vice Secretary of the IEEE Student Branch.
- **IEEE IATMSI 2026:** Managed event coordination & communication, & interacted with 100+ delegates from various organisations.
- **Hacksagon 2026:** Designed and executed accommodation logistics for 900+ participants from across India.

SCHOLASTIC ACHIEVEMENTS

- Secured AIR 6214 in JEE Mains among 1 M+ candidates with 99.62 percentile overall and 99.8 percentile in Mathematics.
- Achieved CGPA 9.34/10 at ABV-IIIITM Gwalior, perfect 10.0 GPA in Semester 3 (2025–26), ranking among top students in the batch.
- Won multiple Mathematics competitions at school level, recognised for analytical and quantitative problem-solving ability.

CERTIFICATIONS & VIRTUAL PROGRAMS

BCG GenAI Job Simulation – Boston Consulting Group X (Forage) 2024

[Certificate](#)

- Completed a virtual simulation involving an AI-powered financial chatbot.

JPMorgan Chase Software Engineering Job Simulation – Forage 2024 Spring Boot

[Certificate](#)

- Completed project setup, Kafka integration, H2 database integration, and REST API controller implementation.

ADDITIONAL INFORMATION

DSA: Solved 300+ problems on LeetCode, focusing on Data Structures & Algorithms.

Languages: English (Proficient), Hindi (Native)

Professional Skills: Public Speaking, Team Management, Problem Solving, Analytical Thinking, Adaptability, Fast Learning
